Options for payment – Must choose one option

_____ **Option 1:** The actual cost of educating a child at Central Lutheran School is \$4,525 per year. This figure is considerably higher than the tuition we charge and is out of reach for most of our families. However, some families may be able to afford this so we would like to give them the option of paying this actual cost.

_____ **Option 2:** MEMBERS ONLY The CLS School Board approved a \$50 increase in membership tuition (per child, grades K-8) to help keep pace with the rising cost to educate a child here at CLS. While this is a modest increase, we realize it may be a hardship for some. Therefore we are giving *every* family the option of having its family's increase covered by the SPICE fund. Please check this box if you need to take advantage of this offer.

_____ **Option 3:** (MEMBERS AND NONMEMBERS) Charge my tuition account as usual with the prices reflected above. I retain the option of 9 monthly installments or paying all at once.
